

WASTE SOLUTIONS SERVICES

Seneca Waste Solutions is a leading environmental and industrial preventative maintenance cleaning, hydroblasting, wet/dry vacuum truck services, waste transportation/disposal and emergency spill response company – ready to roll 24-hours a day. Our industrial cleaning services provide routine maintenance for both scheduled and unscheduled cleanups, as well as emergency spill response.

Seneca is also equipped to handle non-hazardous or hazardous waste transportation and disposal needs. Whether it's a routine checkup to meet regulations or an off-hours emergency – we are your **“Complete Solution.”** Our expert technicians are well educated on governmental regulations and well trained in safe industrial cleaning, confined space entry and solid or liquid waste disposal. Our team will contain, control, mitigate and/or recover most materials, including petroleum products, flammable liquids, corrosives and more.

Some of Seneca Waste Solutions' services include:

- Industrial preventative maintenance cleaning.
- 24-hour emergency spill response.
