

*The Complete Solution*

# BIOFUEL REFINERY SERVICES

**WE OPERATE FROM A CORE PHILOSOPHY OF **ADDING VALUE TO OUR CLIENTS' BUSINESS BY PROVIDING SOLUTIONS TO THEIR DIFFICULT CLEANING PROBLEMS.****

## PREPARED FOR ANY SITUATION

Biofuel refineries can count on Seneca Companies Waste Solutions division when it comes to solving the major task of handling waste elimination. Our reliable personnel are DOT certified hazardous materials drivers and operators, 40-hour HAZWOPER trained, 10-hour OSHA trained and confined space entry certified trained. Seneca has the expertise, resources and equipment for any situation, whether it is an immediate need such as an emergency spill response, an unscheduled emergency outage cleaning or a routinely scheduled maintenance cleaning.

## OUR CAPABILITIES INCLUDE:

- 24-hour emergency spill response and remediation services.
- High pressure hydroblasting services from 10,000 psi up to 40,000 psi.
- Water blasting with 3-D 360 automated spinning head-eliminating confined space entry.
- 500 to 6000 CFM wet or dry vacuum and pumping truck services.
- Industrial / environmental preventative maintenance cleaning.
- Conduit and process piping cleaning and jetting of service lines.
- Confined space entry cleaning.
- Storage tank inside and outside cleaning, vessel, bin, silo and pit cleaning services.
- Chemical circulation process for cleaning the shell side of the exchangers to remove scale buildup on the steam side of the process vessels.
- Rail cars and DDG building cleaning.
- Waste transportation and disposal services.
- Vacuum / hydro excavation services.
- Environmental compliance and consulting.
- Dry ice blasting.
- One pass evaporator tube cleaning.

**Safety Culture:** Seneca Waste Solutions' highest priority is the health and safety of our employees and other persons working with and around the job site.
