

The Complete Solution

# GENERAL CONTRACTING

WE DO IT ALL.

**SENECA GENERAL CONTRACTING IS THE BEST SOLUTION FOR YOUR PROJECT AND BUDGET.**

## INDUSTRY EXPERTS

Seneca Companies' General Contracting division consists of industry experts who have developed close working relationships with leading subcontractors and suppliers, allowing us to provide the best solution for your project and budget. We work to ensure each contracted job is completed on time, within budget and to the client's satisfaction. Whether you need a remodel of a commercial facility, the ground up construction of a convenience store or updated airport fuel facilities, Seneca General Contracting can provide "The Complete Solution."

## WE DO IT ALL.

Our staff includes environmental professionals, engineers, project managers, site superintendents, estimators, carpenters, equipment operators and general laborers ready to provide you with all the necessary services for your next commercial construction project. We can assist with the purchase of the land through environmental site assessments and continue as your reliable contractor through site-specific plans and drawings, engineering, general contracting, scheduling and construction. Additionally, Seneca's General Contracting division has a wealth of knowledge and can provide extensive value when it comes to handling aviation fueling projects. Seneca Companies has over decades experience in the petroleum construction industry. Whether you need ground up construction, a remodel or update, you can trust us with your next convenience store package.
