

The Complete Solution

WASTE TRANSPORTATION & DISPOSAL

WE DO IT ALL.

**NEW DRAGON 5,000
GALLON STEEL VACUUM
TANKERS ADDED TO OUR
WASTE TRANSPORTATION
FLEET.**

TRUSTED TRANSPORTERS

Seneca Companies' Waste Solutions division continually invests and expands the technology in our vacuum pumping service fleet - both wet and dry. With Seneca's modern fleet of over 30 liquid vacuum pumper trucks, wet/dry vacuum loaders and vacuum tankers, we are prepared to service the needs of all our customers - no matter the material.

TRANSPORTS & DISPOSES OF:

Materials such as non hazardous liquid waste, processed fluids, recyclable and non recyclable fluids, contaminated contact waters, sludge, debris, oils, process waste materials and more.

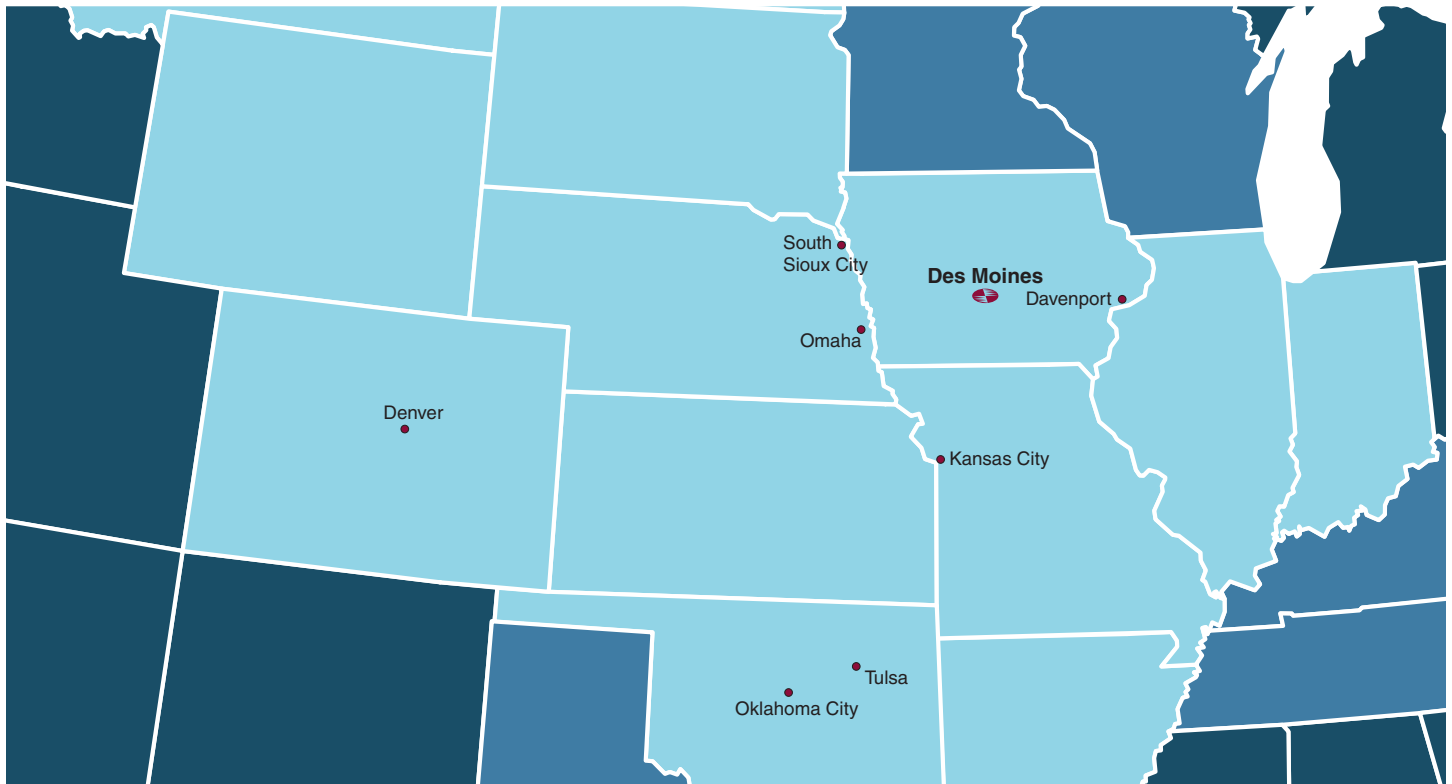

OUR FLEET CONSISTS OF:

- 6,000 gallon tanker transports with vacuum.
- 5,500 gallon self-loading steel vacuum tankers.
- 1,400, 1,600 and 3,000 gallon steel and stainless steel vacuum pumpers.
- 10-12 cubic yard King Vac, Guzzler and Super Sucker wet/dry vacuum loader trucks up to 6,000 cfm.

LOCATED NEAR YOU

Due to our multiple branch locations throughout the Midwest, Southern and Mountain regions, we can have the right equipment to our customer's location in no time. We bring convenience to our customers by operating 24 hours a day, 365 days a year. All our drivers are CDL HAZMAT endorsed, and all of our trucks are DOT licensed for both hazardous and nonhazardous materials. With wet or dry vacuum capabilities ranging from 500 to 6,000 cfm and capacities for any project needs, we have what you need to complete the job.
