### **Seneca Companies names new Regional Vice President – Western Region**

(DES MOINES, IA – April 29, 2024) – Seneca Companies, known as an established leader in the petroleum industry from project design and planning to maintenance, service, parts distribution and compliance, is pleased to announce Corey Hackett as Regional Vice President – Western Region.

“I am excited for this opportunity to collaborate with some very talented individuals and to foster relationships with current and future clients and partners, all while focusing on our people as the heartbeat of our business. My wife and I share a deep passion for the outdoors and everything that the Western region has to offer. This move has been something we have been looking forward to for a long time. I cannot thank the leadership team here at Seneca enough for this opportunity, I look forward to continuing to provide a high level of service to our customers and to foster growth so that our team can be more successful than ever!” said Hackett.

Corey joined Seneca in August of 2014 with the mission to start up and grow Seneca’s in-house general contracting team. Over the past nine years, Corey has greatly contributed to growing the general contracting division to three locations and close to 55 members, conducting work in over 17 states.

In his new role, Corey will grow and nurture new client relationships across all avenues of service that Seneca can provide, while helping expand the current western footprint. Along with supporting the Denver & Salt Lake branch locations, Corey will also assist with getting a new western general contracting office off the ground in Colorado.

#### **About Seneca Companies**
