### **Seneca Companies names new Hy-Vee Account Manager**

(DES MOINES, IA – May 2, 2024) – Seneca Companies, known as an established leader in the petroleum industry from project design and planning to maintenance, service, parts distribution and compliance, is pleased to announce Eric Bradley as Hy-Vee Account Manager.

“I am excited to step into this role and get the opportunity to further connect with our valued customers and partners. I have had the privilege of having a relationship with some of the teams at Hy-Vee for a while but now I get to expand upon the work I do with them more in-depth, which is something I look forward to! I will be able to offer more than I could before and build upon what we have been able to provide our customers and I am excited to explore those new opportunities,” said Bradley.

Eric has been with Seneca for over eight years, beginning as a service technician before progressing over the years into his most recent project manager role. In his new role, Eric will nurture previously established relationships, spearhead all aspects of ongoing Hy-Vee projects, as well as cultivate new relationships and expand Seneca's footprint in the market.
