## **Seneca Companies names Omaha Branch Manager**

(DES MOINES, IA – July 24, 2023) – Seneca Companies has named Mike Barker as Omaha Branch Manager.

“Mike is a great leader whose skill set aligns with the needs of our ever-growing team in Omaha. With expertise in customer service, construction/repair work and service knowledge, he brings a valuable perspective to the table. Our intent with our Omaha branch location is to create thriving and enduring careers for our existing and future employees, through market share growth fostered by Mike’s leadership,” said Darren Binning, VP of Fuel Systems.

In this role, Mike will work closely with all Omaha branch personnel, ensuring they have the necessary resources to execute their tasks efficiently and effectively while adhering to budgeted expenses. He will also focus on providing high quality customer interactions and ensuring that customers continue to receive exceptional service.

“I am excited for Mike to begin his new role with Seneca; he is a testament to the fact that hard work and dedication pay off. He will be an excellent fit for the role as branch manager due to the fact that he has immense industry knowledge, truly cares for the companies’ success and always ensures that our customers are taken care of. When we opened a branch location in Omaha over two years ago, we did it with the goal of being able to better serve our valued customers and grow our client base. With Mike in the role of branch manager, I believe we will be able to continue to build upon this goal. My hope for Mike going forward is that he can be proud that his hard work has paid off and that he will continue to capitalize on the groundwork that has been laid,” said Todd Clubb, Commercial Division Manager.
