Seneca Companies, Inc. opens new office location in Omaha, Nebraska

(Des Moines, Iowa – May 6, 2021) – Seneca Companies has opened a new office location in Omaha, Nebraska to better serve our customer base in that region and allow for future growth.

The new office will be located at 10415 J Street in Omaha. Todd Clubb has been named the branch manager, and Scottie Stigall has been hired as the Fuel Systems service manager. We currently have fourteen service technicians covering the territory and will be growing that number. The location will have a full warehouse with inventory to serve the entire retail, commercial and ag petroleum spectrum along with automotive parts and equipment including lifts, balancers, alignment, lube and air equipment. Vac truck and fuel polishing services will be coming soon.

“We are very excited to continue growing in an area we have always had a footprint, but never with bricks and mortar. With the opening of our new office in Omaha, it will help us continue to serve our existing customers in Nebraska as well as expand our offerings to many others,” said Todd Clubb, branch manager.

About Seneca Companies
